Malaria Intervention Project in Muheza District, Tanga, Tanzania Proposal for provision of Treated mosquito nets in boarding schools & health institutions

Rotaract
Club of KCMC

Rotary

Project Objectives

1. **To provide 1411 treated mosquito nets to 2 hospitals, 4 health centers, 33 dispensaries and 5 boarding schools in Muheza district.**
2. *To raise awareness on environment protection as a means to control spread of malaria and other diseases among people of Muheza.*
3. *To conduct a consolidative training to 20 community volunteers in Muheza on malaria prevention who will keep working on community awareness and support to end malaria in Muheza.*
4. *Support decline of malaria prevalence from 3.1% in Muheza district to 1% or less by 2025 and ensure zero malaria by 2030.*
